Hearing and Vision

All students who will be 4 years old or older by 9/1/2019 are required by State Health Services to be screened for Hearing and Vision **annually**. We provide this service to make it as convenient as possible by having it here at school at a reasonable price. We will send the paperwork home for all students who meet the age criteria early this month.

Your doctor should do the screenings as part of a well-child visit, **Please bring the results to school**. We will make a copy for our files. Thank you!
